

# Mohamed Amine Griche

Software Engineer / Front End Developer

**Phone:** +213559677270  
**Address:** Ouled Moussa, Boumerdes, Algeria.  
**Website:** <https://amine.js.org/>  
**Email:** [amine.griche77@protonmail.ch](mailto:amine.griche77@protonmail.ch)

*A talented graduate software engineer with a strong academic background and a strong practical experience. Able to think through a problem coupled with the confidence to make ideas heard.*

*Currently looking for a front-end developer opportunity that will allow me to work alongside an expert team of developers. Thereby helping me to drive my career progression to more senior roles in the future.*

## EXPERIENCE

### Freelancing

2018 - Present

#### Full stack web developer

Working with clients from all over the world has given me a great experience communicating ideas, analyzing problems and designing solutions.

As a freelancer, I am responsible for everything from the design, the security, the efficiency, and the maintenance of the client's products.

#### Duties:

- Designing functionality and interactivity
- Developing user-friendly features
- Building clean, responsive, and reusable code
- Ensuring the technical feasibility of UI/UX designs
- Optimizing application for maximum speed and scalability
- Designing and developing mobile responsive features
- Testing, Updating and maintaining the client's products
- Implementing and maintaining SEO

## SKILLS

- Experience working through all stages of a development project.
- Ability to manage own projects and portfolio.
- Good administration and organisational skills.
- Having a logical approach to problem solving.
- A strong understanding of professional software development practice.
- Able to communicate complex issues to a large range of stakeholders at all levels.
- Knowledge of differing methodologies.
- Possessing a solid academic understanding of software development principles.
- Proven ability to meet agreed project and customer satisfaction targets.
- Experience of working on large scale websites and micro sites.
- **Programming Skills:**
  - HTML5
  - CSS3 / SASS
  - JavaScript (ES5 / ES6 / ESNEXT) / TypeScript
  - jQuery / jQueryUI
  - Bootstrap / Semantic UI / Bulma UI / Tailwind ...
  - React / Redux / Storybook
  - NodeJS / ExpressJS / GraphQL / Firebase
  - MySQL / MongoDB / SQLite
  - Enzyme / Jest / React Testing Library
  - Figma / Photoshop / Gimp
  - Git / Linux / Bash / Python / React Naive / Electron ...
